Gentlemen:

Where do we begin?...On behalf of ALL associated with the Greater Cleveland Fisher House (GCFH), we would like to again say thank you to the Rock-N-Roll Capital Street Machines for the "above and beyond" donation of \$9,800.00 (Chk # 1296 – dtd 8/25/17) to the GCFH raised at your July 25 Benefit Car Show. Add to this the \$200.00 in additional checks also forwarded to make the total donation from your event an outstanding \$10,000.00!. We are humbled by this continued support for our initiative. Needless to say these donations will play a critical role in helping us to "put a face on it... and put families in it!" Because of support such as this, we have now passed our capital campaign goal of \$3 million!!

The Greater Cleveland Fisher House will actually be two homes with 16 suites and will accommodate up to 50 family members. The houses will be built adjacent to the grounds of The Louis Stokes VA Medical Center in University Circle, Cleveland. The cost to build the Fisher House is approximately \$7 million. The goal of the Greater Cleveland Fisher House Task Force was to fundraise \$3 million. Not only is the national Fisher Foundation matching on the cost of the first house, but through its generosity it will be picking up the entire construction cost of the second house! We are getting two houses for the price of one! And in just the past few weeks the property for the two homes was officially transferred to the Veterans Administration. We are now awaiting the official groundbreaking date from the Fisher House National Foundation.

Note that The Greater Cleveland Fisher House is tax-exempt under IRC 501(c)(3), and donations are tax deductible to the maximum amount permitted by federal law.

Sincerely,
